## **II. Background**

This cancellation order follows a September 23, 2019 *Federal Register* (84 FR 49729) (FRL-9999-06). Notice of Receipt of Requests from the registrants listed in Table 2 of Unit III. to voluntarily cancel these product registrations. In the September 23, 2019 notice, EPA indicated that it would issue an order implementing the cancellations, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests. The Agency received one comments on the September 23, 2019 notice. The comment was a request from FMC Corporation to withdraw two cancellation requests for registration numbers WA070015 WA070017 which now will be retained. The registration numbers below were listed in the September 23, 2019 notice, but were listed in another request to cancel the FR Notice, so are not listed in this notice. The FR Notice and EPA Reg. Numbers are: *Federal Register* of August 21, 2019 (84 FR 43593; FRL-9996-82): EPA Reg. Nos. 100-1083, 1258,161, 1258-162, 1258-974,

1258-1064, 1258-1171, 1258-1218, 1258-1240, 1258-1281, 1258-1333, 1258-1348, 1258-1356, 1258-1357, 1258-1360, 1258-1362, 5185-459, 47371-191, 70627-69, 70627-73, OR980006 and WY080001 and September 30, 2019 (84 FR 51561; FRL-9999-39): EPA Reg. No. 6836-177. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

Section 4(i)(5) of FIFRA (7 U.S.C. 136a-1(i)(5)) requires that all pesticide registrants pay an annual registration maintenance fee, due by January 15 of each year, to keep their registrations in effect. This requirement applies to all registrations granted under FIFRA section 3 (7 U.S.C. 136a) as well as those granted under FIFRA section 24(c) (7 U.S.C. 136v(c)) to meet special local needs. Registrations for which the fee is not paid are subject to cancellation by order and without a hearing.

Under FIFRA, the EPA Administrator may reduce or waive maintenance fees for minor agricultural use pesticides when it is determined that the fee would be likely to cause significant impact on the availability of the pesticide for the use.

In fiscal year 2019, maintenance fees were collected in one billing cycle. In December of 2018, all holders of either FIFRA section 3 registrations or FIFRA section 24(c) registrations were sent lists of their active registrations, along with forms and instructions for responding. They were asked to identify which of their registrations they wished to maintain in effect, and to calculate and remit the appropriate maintenance fees. Most responses were received by the statutory deadline of January 15, 2019. A notice of intent to cancel was sent in June of 2019 to companies who did not respond and to companies who responded but paid for less than all their

registrations. Since mailing the notices of intent to cancel, EPA has maintained a toll-free inquiry number through which the questions of affected registrants have been answered.

In fiscal year 2019, the Agency has waived the fee for 330 minor agricultural use registrations at the request of the registrants. Maintenance fees have been paid for about 16,795 FIFRA section 3 registrations, or about 97% of the registrations on file in October 2018. Fees have been paid for about 1,826 FIFRA section 24(c) registrations, or about 85% of the total on file in October 2018. Cancellations for non-payment of the maintenance fee affect 177 FIFRA section 3 registrations and 2 FIFRA section 24(c) registrations. These cancellations can be found in Table 3 below. Cancellations for companies paying the fee at one of the capped payment amounts are considered voluntary cancellations since the registration could be maintained without an additional fee payment. These cancellations are subject to a 30-day comment period and are listed in Table 1 below.

The cancellation orders generally permit registrants to continue to sell and distribute existing stocks of the canceled products until January 15, 2020, 1 year after the date on which the fee was due. Existing stocks already in the hands of dealers or users, however, can generally be distributed, sold, or used legally until they are exhausted. Existing stocks are defined as those stocks of a registered pesticide product which are currently in the United States and which have been packaged, labeled, and released for shipment prior to the effective date of the cancellation order.

The exceptions to these general rules are cases where more stringent restrictions on sale, distribution, or use of the products have already been imposed, through special reviews or other Agency actions. These general provisions for disposition of stocks should serve in most cases to cushion the impact of these cancellations while the market adjusts.

### III. What Action is the Agency Taking?

This notice announces the cancellation, as requested by registrant, of products registered under FIFRA section 3 (7 U.S.C. 136a). These registrations are listed in sequence by registration number in Table 1 of this unit.

During the public comment period provided, EPA received one comment in response to the September 23, 2019 *Federal Register* notice announcing the Agency's receipt of the requests for voluntary cancellations of products listed in Table 1 of Unit III. The comment was from FMC Corporation requesting that EPA Reg. No. WA070015 and WA070017 be retained because the voluntary cancellation requests were made in error. As a result of this comment, the Agency is retaining the registration of EPA Reg. Nos. WA070015 and WA070017.

#### **V. Cancellation Order**

Pursuant to FIFRA section 6(f) (7 U.S.C. 136d(f)), EPA hereby approves the requested cancellations of the registrations identified in Table 1 of Unit III. Accordingly, the Agency hereby orders that the product registrations identified in Table 1 of Unit III. are canceled. The effective date of the cancellations that are the subject of this notice is [INSERT DATE OF PUBLICATION IN THE *FEDERAL REGISTER*]. Any distribution, sale, or use of existing stocks of the products identified in Table 1 of Unit III. in a manner inconsistent with any of the provisions for disposition of existing stocks set forth in Unit VII. will be a violation of FIFRA.

#### **VI. What is the Agency's Authority for Taking this Action?**

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the *Federal Register*. Thereafter, following the

public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment in the *Federal Register* of September 23, 2019. The comment period closed on October 23, 2019.

## **VII. Provisions for Disposition of Existing Stocks**

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The existing stocks provisions for the products subject to this order are as follows.

The registrants may continue to sell and distribute existing stocks of products listed in Table 1 of Unit II. until January 15, 2020, or the date of publication of this FR notice, whichever is later. Thereafter, the registrants are prohibited from selling or distributing products listed in Table 1, except for export in accordance with FIFRA section 17 (7 U.S.C. 136o), or proper disposal. Persons other than the registrants may sell, distribute, or use existing stocks of products listed in Table 1 of Unit III. until existing stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.
